[BY AUTHORITY.]

LAW OF THE UNITED STATES PASSED AT THE TWENTY FOURTH CONGRESS FIRST SESSION.

[PUBLIC, No. 43.]

AN ACT to disapprove and annul certain acts of the Territorial Legislature of Florida, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That no act of the Territorial Legislature of any of the Territories of the United States, incorporating any bank or any institution with banking powers or privileges, hereafter to be passed, shall have any force or effect whatever, until approved and confirmed by Congress.

Sec. 2. And be it further enacted, That the following acts of the Territorial Legislature of Florida, namely: an act entitled "An act to incorporate the bank of St. Joseph," passed February twelfth, eighteen hundred and thirty-six; an act entitled "An act to incorporate the Florida Insurance and Banking company," passed February tenth, eighteen hundred and thirty-six; an act passed February fourteenth, eighteen hundred and thirty-six, entitled "An act to incorporate the St. Joseph Insurance Company," and all other acts and parts of acts, passed by the said Territorial Legislature of Florida, in the year eighteen hundred and thirty-six, creating banks or extending banking corporations, or conferring banking powers on any corporation or institution whatever, be, and the same hereby are disapproved and annulled.

JAMES K. POLK,

Speaker of the House of Representatives.

M. VAN BUREN,

Vice President of the United States, and

President of the Senate.

Approved, 1st of July, 1836.

ANDREW JACKSON.

[PUBLIC—No. 44.]

AN ACT to change the time of holding the district court of the United States for the western district of Virginia, holden at Clarksburg.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That from and after the first day of August next, the sessions of the district court of the United States for the western district of Virginia, required by law to be holden at Clarksburg, shall be held on the first Mondays of April and September annually.

Approved, July 1st, 1836.

[PUBLIC—No. 45.]

AN ACT explanatory of an act entitled "An act to release from duty, iron prepared for, and actually laid on, railways and inclined planes."

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the act of the fourteenth of July, eighteen hundred and thirty-two, entitled "An act to release from duty, iron prepared for, and actually laid on, railways and inclined planes," shall not be so construed as to include spikes, pins or chains as railroad iron.

Approved, 1st July, 1836.

[PUBLIC—No. 46.]

AN ACT to provide for the due execution of the laws of the United States within the State of Michigan.

Be it enacted, by the Senate and House of Representatives of the United States of America in Congress assembled, That the laws of the United States which are not locally inapplicable, shall have the same force and effect within the State of Michigan, as elsewhere within the United States.

Sec. 2. And be it further enacted, That the said State shall be one district, and be called the District of Michigan; and a district court shall be held therein, to consist of one judge, who shall reside in the said district, and be called a district judge. He shall hold, at the seat of Government of the said State, two sessions of the said district court annually on the first Mondays in May and October; and he shall, in all things, have and exercise the same jurisdiction and powers which were by law

given to the judge of the Kentucky district under an act entitled "An act to establish the judicial courts of the United States." He shall appoint a clerk for the said district, who shall reside and keep the records of the said court at the place of holding the same, and shall receive, for the services performed by him, the same fees to which the clerk of the Kentucky district is by law entitled for similar services.

Sec. 3. And be it further enacted, That there shall be allowed to the judge of the said district court, the annual compensation of two thousand dollars, to commence from the date of his appointment, to be paid quarterly at the Treasury of the U. States.

Sec. 4. And be it further enacted, That there shall be appointed in the said district, a person learned in the law, to act as attorney for the United States, who shall, in addition to his stated fees, be paid annually by the United States; two hundred dollars, as a full compensation for all extra services; the said payment to be made quarterly at the Treasury of the United States.

Sec. 5. And be it further enacted, That a marshal shall be appointed for the said district, who shall perform the same duties, be subject to the same regulations and penalties, and be entitled to the same fees as are prescribed and allowed to marshals in other districts, and shall, moreover, be entitled to the sum of two hundred dollars annually, as a compensation for all extra services, Provided, however, That this act shall not take effect until the State of Michigan shall be admitted into the Union, according to the provisions of the act entitled "An act to establish the northern boundary line of the State of Ohio, and to provide for the admission of the State of Michigan into the Union on certain conditions."

Approved, 1st July, 1836.

To South Carolina Planters. A splendid Cotton Plantation in Mississippi for sale.

THAT valuable plantation, known by the name of **SUMMERFIELD**, situated in Hinds county, (Mississippi) immediately on the Rail Road from Vicksburg to Clinton and Jackson, (the seat of government,) 25 miles from the former, and the same distance from the latter place; 12 miles from Clinton, is now offered for sale—the proprietor having determined to change his occupation. To give a minute and detailed description of the property, is deemed entirely unnecessary, as no person it is presumed, would make such a purchase without examination. Suffice it to say that this tract of land, which consists of 800 acres, is decidedly the most valuable, of its size, of any in this section of country. With one exception it was all entered at an early period, when the whole country was open to select from. A large part of it is **Rich Canal Bottom Land**, Baker's creek, a stream of considerable magnitude, affording excellent mill and gin sites, running through it.

About 100 acres of the tract extends into the hills and covers a beautiful building site and settlement, it being quite elevated, and far remote from all local causes of disease. Indeed, the whole neighborhood in which this land is situated is reputed **very healthy**. The improvements of the place consists of 250 acres of open land, a good gin and press, negro cabins, &c.

With this plantation would be sold 14 working hands, all young, likely and acclimated; or the number would be added to it desired. Also, the stock of horses, mules, oxen, wagon, working utensils, &c.

There is a growing crop on the place, consisting of 120 acres cotton, b sides corn, oats, &c. which would be sold with the place if desired, and possession given at any time the purchaser might wish. If preferred, the land would be sold **without the hands**.

Any reasonable time will be given, upon the payments being well secured; but the price would be much reduced for prompt payments.

This property will be shown, and the terms made known, upon application to the subscriber, on the premises, or to A. Jackson Burke, Amsterdam, Mississippi.

An inquiry in regard to this property, which may be communicated by mail, will be responded to by either of the persons herein named by addressing a letter to Amsterdam, Mississippi.

JAMES BURKE,

June 24

The publishers of the Charleston Courier, Pendleton Messenger and Camden Journal, will please give the above three insertions, and forward their accounts to my address for payment, also a paper containing the advertisement.

NOTICE.

The subscriber with a view of closing the Books of D. & J. Clark; also the Books of J. G. Clark, respectfully informs those indebted on either of the above, that the books will be found at the store formerly occupied by Mr. Lemiere, that Mr. A. G. Willis is authorized to settle the same in my absence, by note or otherwise, or they will be placed in the event of default to comply, in the hands of a gentleman of the bar for collection, as the books must be closed. J. G. CLARK

June 19-21-1836

The Indian's Panacea.

FOR the cure of Rheumatism Scrofula or King's Evil, Gout, Sciatica, or Hip-Gout, Incapacitating Cancers, Salt Rheum, Syphilitic and Mercurial diseases, particularly Ulcers and painful affections of the bones. Ulcerated Throat and Nostrils; Ulcers of every description, Fester sores and Internal Abscesses; Fistulas, Piles, Scald-head, Scurvy, Biles, Chronic, Sore Eyes, Eye scapelas, Bloches, and every variety of cutaneous Affection, Chronic Catarrh, Headache, preceding from an acid humor; Pain in the Stomach and Dyspepsia, proceeding from vitiation; Affections of the Liver, Chronic Inflammation of the Kidneys, and general debility, caused by a torpid action of the vessels of the skin. It is singularly efficacious by renovating those constitutions which have been broken down by injudicious treatment, or juvenile irregularities. In general terms, it is recommended to all those diseases which arise from impurities in the blood, vitiation of the humors, of what ever name or kind.

Some of the above complaints may require some trifling assistant applications, which the circumstances of the case will dictate; but for a general remedy or Purifier, to remove the cause, THE INDIAN'S PANACEA will generally be found sufficient.

To the Public.

How true it is, that modern Physicians—in their ambition to excel in their profession; to explore the vast fields of science by the aid of Chemistry, and seek out new remedial agents; in short to arrive at perfection in the practice by means of art alone,—overlook and neglect, as beneath their notice the rich and bounteous stores of medicine, which the almighty has caused to spring out of the earth in every clime! And how much more true it is, that while the American Physician looks to foreign countries for many of his most common and necessary articles perpetually changing as they are the dictates of fashion or folly he is surrounded in his own country with an endless profusion.

The congeniality, efficiency and safety of vegetable remedies over mineral, may be estimated by contrasting the ancient practice with the modern; or, to bring it more immediately under our own observation, the Indian practice with that of the whites. Who, in America, has not known or heard of repeated instances wherein some decrepit, unpretending female Indian by means of her simple remedies alone, has effected the most rapid and astonishing cures, after the whole Materia Medica of the common practice, directed in the most skillful manner has failed? And who has not been surprised at beholding the comparative ease and facility with which the Indian frees himself of any disease, and at the almost total absence of chronic disease among them. Who has ever heard of an Indian with a constitution broken and ruined by ill-treatment? And can a doubt exist, that this happy exemption of the savage from most of the ills which the flesh of civilized man is heir to, is chiefly owing to the more genial and safe remedies which he employs. This astonishing difference in success, is a fair exemplification of the infinite superiority of the simple and safe means of cure which God has created for the benefit of his children, over those which the pride and the art of man have invented.

From a long residence among a portion of the aboriginal inhabitants of this country, and an intimate acquaintance with the methods of cures of some of their most successful practitioners, the proprietor of "THE INDIAN'S PANACEA," acquired a knowledge of some of their most powerful and favorable remedies. From these he selected such as were most efficacious and appropriate, and after various experiments to test their principles and their strength he has combined them in the form here presented, as the most perfect and beneficial for the purpose for which it is recommended.

The proprietor offers this preparation to the public, with the consciousness that he is placing within its reach, a remedy capable of relieving many of his afflicted fellow beings, who are suffering under the various chronic and obstinate complaints to which it is applicable. To such it will prove of incalculable value, as the means, and in many cases the only means of relieving their sufferings and restoring them once more to health and happiness. This is not offered as a common remedy, that may perchance be equally good with many others now in use, but as one which is capable of saving life in many extreme cases, when all the usual remedies fail. Thus it has done repeatedly; and this is the reputation it has obtained wherever it has been introduced.

It is only about three years since this preparation was first presented to the public; but in that short space of time, some hundreds of persons might be found, who would solemnly declare that they believed that their lives were saved by it, and in most cases after they had tried many other, perhaps all the common remedies in vain. Wherever it is known it is rapidly coming into use, and this affords the most substantial and convincing proof of its merits.

The value of the Panacea, is most conspicuous in those long standing and obstinate syphilitic and scrofulous affections which have defied all other remedies, and particularly in those cases where mercury has been so lavishly used as to cause distressing pains in the bones, nodes, mercurial ulcers, derangement of the digestive organs, &c. These it completely removes and in all cases entirely eradicates the disease and the effects of mercury, renovates the constitution, and leave the patient sound and well. In Rheumatism, and in ulcerated sore throat, its happy effects are not less apparent, giving almost immediate relief.

Taken in proper doses, THE INDIAN'S PANACEA operates as an alternative, and detergent; a diaphoretic, diuretic and laxative, an antispasmodic and anodyne, and in proper cases, as a stomachic and emmenagogue. Generally expressed, it increases all the secretions and exertions, gives tone to the stomach, and excites action in the glands in a particular manner. From these principles its operation may be understood.

This medicine has been found highly useful in many ambiguous diseases not here specified, and it has been used with wonderful success as a Spring and Fall purifier, by those who are subject to complaints of the chest, and whose constitutions require new vigor. Such persons will do well to use two or three bottles in small doses. Wherever a diet drink is considered necessary, the Panacea, taken in a small dose, will answer all its purposes, in much less time, at less expense, and in a far more agreeable manner, than the common diet drink.

The following certificates, out of hundreds similar which might be procured, are given to show the effect of THE INDIAN'S PANACEA, in the various complaints therein mentioned, and also to exhibit in the most satisfactory manner its superiority over the syrups in common use.

CASES OF RHEUMATISM.

CHARLESTON, Nov. 15, 1831. During the last winter and spring, I was afflicted with a very severe and distressing Rheumatism occasioned by exposure to bad weather. I now take great pleasure in stating, that six bottles of the Indian's Panacea, restored me to perfect health, and I confidently recommend it to all similarly afflicted.

JOHN FERGUSON, King-st.

CHARLESTON, March 27, 1832.

I was seized about three years since with a distressing Rheumatism caused by taking a severe

cold while under the influence of mercury, and which has disabled me from business nearly ever since. During this period I have been a patient in the Marine Hospital in this City, upwards of four months nearly, and the same length of time in the Baltimore Hospital, and tried almost every remedy, with little benefit. On the 10th of February and at that time scarcely able to move about upon crutches, I commenced the use of The Indian's Panacea. In one month I found myself entirely cured from the pain, and am now happy to state that I feel myself perfectly well.

WM. TUCKER, 13 Market-st.

CURE FOR SCROFULOUS ULCERS.

New York, Sept 16, 1830.

This may certify, that in the fall of 1825, I was seized with a swelling in my neck and face, which afterwards ulcerated and became large ghastly ulcers in my neck. After trying several Physicians to no advantage, I went to Philadelphia, and placed myself under the care of Drs. Physic and Beach, when, after repeated salivation to no effect, I was pronounced totally incurable. Afterwards I took twenty bottles of Swain's Panacea and eight bottles of Potter's Catholicon, with no material benefit. Despairing of life, which had now become a burthen to me, I returned to my parents in New York in 1829, and gave myself up to a lingering death. Hearing of the great success of THE INDIAN'S PANACEA, however, in cases similar to my own, I was persuaded to try it, as a last resort. To my great surprise as well as satisfaction, I soon found myself rapidly recovering, and upon taking seven bottles, the ulcers healed and became perfectly well in the course of two months, and have remained so ever since. I make this statement and wish it published for the benefit of those who are suffering under similar scrofulous or syphilitic affections, that they may know what has cured one who has suffered every thing but death, and who considers his life saved by the above syrup. WM. HINMAN.

The above Medicine may be had at
WILLIAM REYNOLDS

LAW BLANKS

For sale at this Office.

HISTORY OF South-Carolina.

D. J. DOWLING, 83 Broad-Street, has commenced the re-publication promised some time back, of Dr. DAVID RAMSAY'S HISTORY OF SOUTH CAROLINA.

The Citizens of the City and State, will be waited on previous to the issue for subscribers. In order to place it within the reach of all, it will be printed in numbers of from 80 to 100 pages each, price 50 cents per number. The cost of the 2 vols., in this manner will not exceed \$5. To those who wish it, they will be furnished, bound in sheep, gilt and lettered, at \$3 per volume, of 500 pages more or less. The first volume will be embellished with a correct VIEW OF THE CITY AND HARBOR OF CHARLESTON, Engraved expressly for this Work, which will be drawn from the most favorable situation. The second volume will contain a MAP OF THE STATE OF SOUTH-CAROLINA.

The Work will be printed on the finest quality of paper, in new and clear type, with stitched covers to each No. As the expense will be considerable, a list of 1000 names is required to warrant the undertaking. The first specimen number is expected to be ready about the 1st August, and the whole will be completed previous to 1st January, 1837. It is hoped in the mean time, and respectfully solicited, that the citizens will patronize this truly Southern Publication in preference to the numerous Works of a foreign nature, which annually receive their support, and generally contain animadversions on their Institutions.

Should further encouragement warrant it, the history will be continued up to the present time, by a competent Editor.

As an instance of the scarcity of this Work, the Publisher would state that he could find but one complete copy in the City—this copy belonged to the Charleston Library Society.

Persons being near any post office in the State where there is no agent, by forwarding a \$5 bill, at our expense, or a responsible City reference, will have the work regularly forwarded to them in Nos. by mail, the postage of which will scarcely ever exceed 6 1-4 cents per No.

In addition to the Editors of the different papers, the following persons are our authorized agents:

- | | |
|------------------------|----------------|
| James Smith, | Charleston, |
| J. R. & W. Cunningham, | Columbia, |
| A. Young, | Camden, |
